1.1 STATUS OF ACCOUNTING STANDARDS

It has already been mentioned in chapter 1 that the standards are developed by the Accounting Standards Board (ASB) of the Institute of Chartered Accountants of India and are issued under the authority of its Council. The institute not being a legislative body can enforce compliance with its standards only by its members. Also, the standards cannot override laws and local regulations. The Accounting Standards are nevertheless made mandatory from the dates specified in respective standards and are generally applicable to all enterprises, subject to certain exception as stated below. The implication of mandatory status of an Accounting Standard depends on whether the statute governing the enterprise concerned requires compliance with the Standard, e.g., the Ministry of Corporate Affairs have notified Accounting Standards for companies incorporated under the Companies Act, 1956(or the Companies Act, 2013).

In assessing whether an accounting standard is applicable, one must find correct answer to the following three questions.

- Does it apply to the enterprise concerned? If yes, the next question is:
- Does it apply to the financial statement concerned? If yes, the next question is:
- Does it apply to the financial item concerned?

The preface to the statements of accounting standards answers the above questions.

Enterprises to which the accounting standards apply?

Accounting Standards apply in respect of any enterprise (whether organised in corporate, co-operative or other forms) engaged in commercial, industrial or business activities, whether or not profit oriented and even if established for charitable or religious purposes. Accounting Standards however, do not apply to enterprises solely carrying on the activities, which are not of commercial, industrial or business nature, (e.g., an activity of collecting donations and giving them to flood affected people). Exclusion of an enterprise from the applicability of the Accounting Standards would be permissible only if no part of the activity of such enterprise is commercial, industrial or business in nature. Even if a very small proportion of the activities of an enterprise were considered to be commercial, industrial or business in nature, the Accounting Standards would apply to all its activities including those, which are not commercial, industrial or business in nature.

Implication of mandatory status

Where the statute governing the enterprise does not require compliance with the accounting standards, e.g. a partnership firm, the mandatory status of an accounting standard implies that, in discharging their attest functions, the members of the Institute are required to examine whether the financial statements are prepared in compliance with the applicable accounting standards. In the event of any deviation from the accounting standards, they have the duty to make adequate disclosures in their reports so that the users of financial statements may be aware of such deviations. It should nevertheless be noted that responsibility for the preparation of financial statements and for making adequate disclosure is that of the management of the enterprise. The auditor's responsibility is to form his opinion and report on such financial statements.

Section 129 (1) of the Companies Act, 2013 requires companies to present their financial statements in accordance with the accounting standards notified under Section 133 of the Companies Act, 2013 (refer Note below). Also, the auditor is required by section 143(3)(e) to report whether, in his opinion, the financial statements of the company audited, comply with the accounting standards referred to in section 133 of the Companies Act, 2013. Where the financial statements of a company do not comply with the accounting standards, the company should disclose in its financial statements, the deviation from the accounting standards, the reasons for such deviation and the financial effects, if any, arising out of such deviations as per Section 129(5) of the Companies Act, 2013. Provided also that the financial statements should not be treated as not disclosing a true and fair view of the state of affairs of the company, merely by reason of the fact that they do not disclose—

- (a) in the case of an insurance company, any matters which are not required to be disclosed by the Insurance Act, 1938, or the Insurance Regulatory and Development Authority Act, 1999;

- (b) in the case of a banking company, any matters which are not required to be disclosed by the Banking Regulation Act, 1949;
- (c) in the case of a company engaged in the generation or supply of electricity, any matters which are not required to be disclosed by the Electricity Act, 2003;
- (d) in the case of a company governed by any other law for the time being in force, any matters which are not required to be disclosed by that law.

Note: As per the Companies Act, 2013, the Central Government may prescribe standards of accounting or addendum thereto, as recommended by the Institute of Chartered Accountants of India, in consultation with NACAS. Till date, the Central Government has notified all the existing accounting standards*.

Financial items to which the accounting standards apply

The Accounting Standards are intended to apply only to items, which are material. An item is considered material, if its omission or misstatement is likely to affect economic decision of the user. Materiality is not necessarily a function of size; it is the information content i.e. the financial item which is important. A penalty of ₹ 50,000 paid for breach of law by a company can seem to be a relatively small amount for a company incurring crores of rupees in a year, yet is a material item because of the information it conveys. The materiality should therefore be judged on case-to-case basis. If an item is material, it should be shown separately instead of clubbing it with other items. For example, it is not appropriate to club the penalties paid with legal charges.

Accounting Standards and Income tax Act, 1961

Accounting standards intend to reduce diversity in application of accounting principles. They improve comparability of financial statements and promote transparency and fairness in their presentation. Deductions and exemptions allowed in computation of taxable income on the other hand, is a matter of fiscal policy of the government.

Thus, an expense required to be charged against revenue by an accounting standard does not imply that the same is always deductible for income tax purposes. For example, depreciation on assets taken on finance lease is charged in the books of lessee as per AS 19 but depreciation for tax purpose is allowed to lessor, being legal owner of the asset, rather than to lessee. Likewise, recognition of revenue in the financial statements cannot be avoided simply because it is exempted under section 10 of the Income Tax Act, 1961.

Income Computation and Disclosure Standards

Section 145(2) empowers the Central Government to notify in the Official Gazette from time to time, income computation and disclosure standards to be followed by

*It may be noted that AS 8 'Research and Development' has already been withdrawn consequent to issuance of AS 26 'Intangible Assets'.

any class of assessee or in respect of any class of income. Accordingly, the Central Government has, in exercise of the powers conferred under section 145(2), notified ten income computation and disclosure standards (ICDSs) to be followed by all assessee (other than an individual or a Hindu undivided family who is not required to get his accounts of the previous year audited in accordance with the provisions of section 44AB) following the mercantile system of accounting, for the purposes of computation of income chargeable to income-tax under the head "Profit and gains of business or profession" or "Income from other sources", from A.Y. 2017-18. The ten notified ICDSs are:

ICDS I : Accounting Policies

ICDS II : Valuation of Inventories

ICDS III : Construction Contracts

ICDS IV : Revenue Recognition

ICDS V : Tangible Fixed Assets

ICDS VI : The Effects of Changes in Foreign Exchange Rates

ICDS VII : Government Grants

ICDS VIII : Securities

ICDS IX : Borrowing Costs

ICDS X : Provisions, Contingent Liabilities and Contingent Assets

1.2 APPLICABILITY OF ACCOUNTING STANDARDS

For the purpose of compliance of the accounting Standards, the ICAI had earlier issued an announcement on 'Criteria for Classification of Entities and Applicability of Accounting Standards'. As per the announcement, entities were classified into three levels. Level II entities and Level III entities as per the said Announcement were considered to be Small and Medium Entities (SMEs).

However, when the accounting standards were notified by the Central Government in consultation with the National Advisory Committee on Accounting Standards*,

* *The Companies Act, 1956 is being replaced by the Companies Act 2013 in a phased manner. Now, as per Section 133 of the Companies Act, 2013, the Central Government may prescribe the standards of accounting or any addendum thereto, as recommended by the Institute of Chartered Accountants of India, constituted under section 3 of the Chartered Accountants Act, 1949, in consultation with and after examination of the recommendations made by the National Financial Reporting Authority (NFRA). Section 132 of the Companies Act, 2013 deals with constitution of NFRA. It may be noted that this section is not notified till 30th November, 2016.*

the Central Government also issued the 'Criteria for Classification of Entities and Applicability of Accounting Standards' for the companies.

According to the 'Criteria for Classification of Entities and Applicability of Accounting Standards' as issued by the Government, there are two levels, namely, Small and Medium-sized Companies (SMCs) as defined in the Companies (Accounting Standards) Rules, 2006 and companies other than SMCs. Non-SMCs are required to comply with all the Accounting Standards in their entirety, while certain exemptions/ relaxations have been given to SMCs.

Consequent to certain differences in the criteria for classification of the levels of entities as issued by the ICAI and as notified by the Central Government for companies, the Accounting Standard Board of the ICAI decided to revise its "Criteria for Classification of Entities and Applicability of Accounting Standards' and make the same applicable only to non-corporate entities. Though the classification criteria and applicability of accounting standards has been largely aligned with the criteria prescribed for corporate entities, it was decided to continue with the three levels of entities for non-corporate entities vis-à-vis two levels prescribed for corporate entities as per the government notification.

'Criteria for Classification of Entities and Applicability of Accounting Standards' for corporate entities and non-corporate entities have been explained in the coming paragraphs.

1.2.1 Criteria for classification of non-corporate entities as decided by the Institute of Chartered Accountants of India

Level I Entities

Non-corporate entities which fall in any one or more of the following categories, at the end of the relevant accounting period, are classified as Level I entities:

- (i) Entities whose equity or debt securities are listed or are in the process of listing on any stock exchange, whether in India or outside India.
- (ii) Banks (including co-operative banks), financial institutions or entities carrying on insurance business.
- (iii) All commercial, industrial and business reporting entities, whose turnover (excluding other income) exceeds rupees fifty crore in the immediately preceding accounting year.
- (iv) All commercial, industrial and business reporting entities having borrowings

However, the Ministry of Corporate Affairs has, vide clarification dated 13th September, 2013, announced that the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply till the Standards of Accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority.

(including public deposits) in excess of rupees ten crore at any time during the immediately preceding accounting year.

- (v) Holding and subsidiary entities of any one of the above.

Level II Entities (SMEs)

Non-corporate entities which are not Level I entities but fall in any one or more of the following categories are classified as Level II entities:

- (i) All commercial, industrial and business reporting entities, whose turnover (excluding other income) exceeds rupees one crore* but does not exceed rupees fifty crore in the immediately preceding accounting year.
- (ii) All commercial, industrial and business reporting entities having borrowings (including public deposits) in excess of rupees one crore but not in excess of rupees ten crore at any time during the immediately preceding accounting year.
- (iii) Holding and subsidiary entities of any one of the above.

Level III Entities (SMEs)

Non-corporate entities which are not covered under Level I and Level II are considered as Level III entities.

Additional requirements

- (1) An SME which does not disclose certain information pursuant to the exemptions or relaxations given to it should disclose (by way of a note to its financial statements) the fact that it is an SME and has complied with the Accounting Standards insofar as they are applicable to entities falling in Level II or Level III, as the case may be.
- (2) Where an entity, being covered in Level II or Level III, had qualified for any exemption or relaxation previously but no longer qualifies for the relevant exemption or relaxation in the current accounting period, the relevant standards or requirements become applicable from the current period and the figures for the corresponding period of the previous accounting period need not be revised merely by reason of its having ceased to be covered in Level II or Level III, as the case may be. The fact that the entity was covered in Level II or Level III, as the case may be, in the previous period and it had availed of the exemptions or relaxations available to that Level of entities should be disclosed in the notes to the financial statements.
- (3) Where an entity has been covered in Level I and subsequently, ceases to be so covered, the entity will not qualify for exemption/relaxation available to Level

* This change is made as per the announcement 'Revision in the criteria for classifying Level II non-corporate entities'. This revision is applicable with effect from the accounting year commencing on or after April 01, 2012.

II entities, until the entity ceases to be covered in Level I for two consecutive years. Similar is the case in respect of an entity, which has been covered in Level I or Level II and subsequently, gets covered under Level III.

- (4) If an entity covered in Level II or Level III opts not to avail of the exemptions or relaxations available to that Level of entities in respect of any but not all of the Accounting Standards, it should disclose the Standard(s) in respect of which it has availed the exemption or relaxation.
- (5) If an entity covered in Level II or Level III desires to disclose the information not required to be disclosed pursuant to the exemptions or relaxations available to that Level of entities, it should disclose that information in compliance with the relevant Accounting Standard.
- (6) An entity covered in Level II or Level III may opt for availing certain exemptions or relaxations from compliance with the requirements prescribed in an Accounting Standard: Provided that such a partial exemption or relaxation and disclosure should not be permitted to mislead any person or public.
- (7) In respect of Accounting Standard (AS) 15, Employee Benefits, exemptions/relaxations are available to Level II and Level III entities, under two sub-classifications, viz., (i) entities whose average number of persons employed during the year is 50 or more, and (ii) entities whose average number of persons employed during the year is less than 50. The requirements stated in paragraphs (1) to (6) above, mutatis mutandis, apply to these sub-classifications.

Example

M/s Omega & Co. (a partnership firm), had a turnover of ₹ 1.25 crores (excluding other income) and borrowings of ₹ 0.95 crores in the previous year. It wants to avail the exemptions available in application of Accounting Standards to non-corporate entities for the year ended 31.3.2016. Advise the management of M/s Omega & Co in respect of the exemptions of provisions of ASs, as per the directive issued by the ICAI.

Solution

The question deals with the issue of Applicability of Accounting Standards to a non-corporate entity. For availment of the exemptions, first of all, it has to be seen that M/s Omega & Co. falls in which level of the non-corporate entities. Its classification will be done on the basis of the classification of non-corporate entities as prescribed by the ICAI. According to the ICAI, non-corporate entities can be classified under 3 levels viz Level I, Level II (SMEs) and Level III (SMEs).

An entity whose turnover (excluding other income) exceeds rupees fifty crore in the immediately preceding accounting year, will fall under the category of Level I entities.

Non-corporate entities which are not Level I entities but fall in any one or more of the following categories are classified as Level II entities:

- (i) *All commercial, industrial and business reporting entities, whose turnover (excluding other income) exceeds rupees one crore but does not exceed rupees fifty crore in the immediately preceding accounting year.*
- (ii) *All commercial, industrial and business reporting entities having borrowings (including public deposits) in excess of rupees one crore but not in excess of rupees ten crore at any time during the immediately preceding accounting year.*
- (iii) *Holding and subsidiary entities of any one of the above.*

As the turnover of M/s Omega & Co. is more than ₹ 1 crore, it falls under 1st criteria of Level II non-corporate entities as defined above. Even if its borrowings of ₹ 0.95 crores is less than ₹ 1 crores, it will be classified as Level II Entity. In this case, AS 3, AS 17, AS 21 (Revised), AS 23, AS 27 will not be applicable to M/s Omega & Co. Relaxations from certain requirements in respect of AS 15, AS 19, AS 20, AS 25, AS 28 and AS 29 (Revised) are also available to M/s Omega & Co.

1.2.2 Criteria for classification of Companies under the Companies (Accounting Standards) Rules, 2006

Small and Medium-Sized Company (SMC) as defined in Clause 2(f) of the Companies (Accounting Standards) Rules, 2006:

“Small and Medium Sized Company” (SMC) means, a company-

- (i) whose equity or debt securities are not listed or are not in the process of listing on any stock exchange, whether in India or outside India;
- (ii) which is not a bank, financial institution or an insurance company;

- (iv) which does not have borrowings (including public deposits) in excess of rupees ten crore at any time during the immediately preceding accounting year; and

Explanation : For the purposes of clause 2(f), a company should qualify as a Small and Medium Sized Company, if the conditions mentioned therein are satisfied as at the end of the relevant accounting period.

Non-SMCs

Companies not falling within the definition of SMC are considered as Non- SMCs.

Paragraphs 66 and 67 relating to disclosures are not applicable to non-corporate entities falling in Level II and Level III.

- (E) AS 25, Interim Financial Reporting, does not require a non-corporate entity to present interim financial report. It is applicable only if a non-corporate entity is required or elects to prepare and present an interim financial report. Only certain Level I non-corporate entities are required by the concerned regulators to present interim financial results e.g., quarterly financial results required by the SEBI. Therefore, the recognition and measurement requirements contained in this Standard are applicable to those Level I non-corporate entities for preparation of interim financial results.
